**About The Course Creator – Scott McRae**

Scott began emerging from his spiritual closet in his mid-forties to explore an insatiable desire to heal deep physical, emotional and mental wounds, play with manifestation and enjoy a more suitable life in spiritual alchemy.

Ten plus years would be spent in intense study and practice in energy medicine, full sensory perception, heart awakening, and the re-awakening of his powers of telepathy, clairvoyance, clairsentience and healing. His studies earned numerous Ministerial Licenses from an esteemed mystery school in Mt. Shasta CA. Since 2013 Scott has led hundreds of personal healing sessions, taught numerous classes on energy medicine, practiced in hospital cancer wards and most recently earned advanced certifications in PSYCH-K healing modalities.
